- 18th March, 2010 came to Yang Zhou Dong Fang hospital for operation
- She was discharged from the hospital on 25th March, 2010.

After the operation:

- Kitty's cleft was broke open again two weeks after. It was estimated that it was due to malnutrition before and after the surgery.
- Starfish has informed the orphanage the cause and requested them to make sure the feeding and nutrition before next operation.

Treatment cost: RMB 3,230.00

Before the operation

After the operation

We are a non-profit organization registered in Hong Kong on 26th October 2006, formed by a group of Christian volunteers from all walks of lives and ages. We are bonded together because of our heart for the orphans with medical conditions in China.

We believe that honesty and integrity are crucial in all our works. Hence, all funds received are used 100% on the children.
